### Introductory note

#### This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This variation adds European Waste Catalogue codes 10 09 06, 10 09 08, 10 10 06, 10 10 08, 19 01 02, 19 01 11 and 19 01 12 to the permit. The notice also corrects a typo in the previous variation. In the previous variation condition 2.3.3 was changed to 2.3.2 in error. This variation restores the condition numbering back in line with the original permit. This variation also updates the site plan included in this permit to show the extension of the site boundary.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

## **Schedule 2 – conditions to be amended**

None

## **Schedule 3 – conditions to be added**

The following conditions are added as a result of the application made by the operator

- 2.3.2 If notified by the Environment Agency that the activities are giving rise to pollution, the operator shall submit to the Environment Agency for approval within the period specified, a revision of any plan or other documentation (“plan”) specified in schedule 1, table S1.2 or otherwise required under this permit which identifies and minimises the risks of pollution relevant to that plan, and shall implement the approved revised plan in place of the original from the date of approval, unless otherwise agreed in writing by the Environment Agency.

2.3.3 Waste shall only be accepted if:

- (a) it is of a type and quantity listed in schedule 2 table S2.1 and
- (b) it conforms to the description in the documentation supplied by the producer and holder.

<b>Table S2.1 Permitted waste types and quantities for Physical treatment of Non-hazardous and hazardous waste.</b>
